## INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of  
World Land Trust - US  
Washington, DC

We have audited the accompanying statement of financial position of World Land Trust - US (a nonprofit organization) as of December 31, 2010, and the related statements of activities, functional expenses and cash flows for the year then ended. These financial statements are the responsibility of the World Land Trust - US's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of World Land Trust – US as of December 31, 2010, and the changes in its net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

WORLD LAND TRUST - US  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2010

**NOTE 1 - ORGANIZATION**

World Parks Endowment is a nonprofit organization organized in the state of New York on May 19, 1989. During 2006, it adopted the doing-business-as name of World Land Trust – US.

World Land Trust – US was established in order to provide funds for conservation of parks and protected areas around the world that are of international importance for the conservation of biological diversity. Its program emphasizes the conservation of private lands, especially through acquisitions of critical sites for conservation. The organization is exempt from income taxes under Section 501 (c)(3) of the Internal Revenue Code. The organization is a public foundation under Section 509(a)(1) of the Internal Revenue Code, Subsection 170(b)(A)(vi).

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Accounting Standard – The organization follows Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 105-10, *FASB Codification*. The FASB Codification is the single source of authoritative U.S. generally accepted accounting principles (GAAP). Accordingly, references to GAAP have been updated for the appropriate Codification reference.

Basis of accounting - The financial statements of the organization have been prepared on the accrual basis of accounting.

Revenue recognition – Unconditional grants and contributions are recognized when the grant or contribution has been awarded. Restricted revenue is classified in the temporarily restricted fund until the provisions of the restriction are satisfied. Unrestricted grants & contributions are recognized in the unrestricted fund when awarded. The organization had no permanently restricted assets in 2010.

Cash and Cash Equivalents – The organization considers cash equivalents to be highly liquid investments with original maturities at time of purchase of less than 90 days.

Furniture and equipment - Furniture and equipment are recorded at cost. Depreciation is determined by the straight-line method based on an estimated useful life of five or seven years.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Functional expenses – The organization accounts for its expenses on a functional basis. Functional expenses include certain allocated overhead costs (rent, telephone, etc.)

Fair Value of Financial Instruments – The financial instruments of the organization are reported on the statement of financial position at market or fair values, or at a carrying amounts that approximate fair values because of the short maturity of the instruments. See Note 6 for a description of financial instruments carried at fair value

WORLD LAND TRUST - US  
 NOTES TO FINANCIAL STATEMENTS  
 DECEMBER 31, 2010

Investments- Investments consist of certificates of deposits (90 days or greater), equities, and mutual funds and are reported at fair value. Unrealized gains or losses are determined by comparison of cost to fair value at the beginning and end of the reporting period. Realized gains and losses are reflected in the accompanying statement of activities.

NOTE 3 – LAND

In performing its exempt purpose, the organization may acquire and distribute various land plots in order to facilitate the conservation of those lands. It is not the policy of the organization to own and hold land, therefore the organization does not recognize the income and the distribution of the above land in the financial statements.

NOTE 4 – COMMITMENTS AND CONTINGENCIES

The organization leases office space in Sandwich, NH and Warrenton, Virginia on a month to month basis. The future monthly rental payments will be \$1,400.

**NOTE 6 – FAIR VALUE MEASUREMENTS**

The organization follows FASB ASC 820-10 (formerly SFAS No. 157, Fair Value Measurements for financial assets (and liabilities) measured on a recurring basis, as amended. FASB ASC 820-10 clarifies fair value, establishes a framework for measuring fair value under generally accepted accounting principles (GAAP), and expands disclosures about fair value measurements. FASB ASC 820-10 emphasizes that fair value is a market based measurement, not an entity-specific measurement and, therefore, a fair value measurement should be determined based on the assumptions that market participants would use in pricing the asset or liability. As a basis for considering market participant assumptions in fair value measurements, FASB ASC 820-10 established a fair value hierarchy based upon the transparency of the inputs to the valuation of an asset or liability. These inputs may be observable, whereby the market participant assumptions are developed based on market data obtained from independent sources, and unobservable, whereby assumptions about market participant assumptions are developed by the reporting entity based on the best information available in the circumstances. The three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

WORLD LAND TRUST - US  
 NOTES TO FINANCIAL STATEMENTS  
 DECEMBER 31, 2010

Level 1 – inputs based on quoted prices (unadjusted) in active markets for identical assets or liabilities accessible at the measurement date.

Level 2 – inputs other than quoted prices included in Level 1 that are observable for the asset and liability, either directly or indirectly, through corroboration with observable market data (market corroborated inputs).

Level 3 – unobservable inputs for the asset or liability including inputs that reflect the reporting entity's own assumptions in determining the fair value measurements.

The following table summarizes the Organization's assets (and liabilities) measured at fair value on a recurring basis as of December 31, 2010:

Assets Measured at Fair Value

<u>Description</u>	<u>12/31/10</u>	<u>Quoted Prices in Active Markets (Level 1)</u>	<u>Significant Other Observable Inputs (Level 2)</u>	<u>Significant Unobservable Inputs (Level 3)</u>
<u>Recurring Basis</u>				
Money Market	\$145,804	\$145,804	\$ -	\$ -
Marketable Securities	<u>1,068</u>	<u>1,068</u>	<u>-</u>	<u>-</u>
Total Recurring	\$146,872	\$146,872	\$ -	\$ -

NOTE 7 – INCOME TAXES

The organization is exempt from income taxes under Internal Revenue Code 501 (c) (3) and applicable DC statutes. No provision for income taxes is required at December 31, 2010, as the Organization had no net unrelated business income.

The organization follows FASB ASC 740 Income Taxes (formerly FIN 48) the authoritative guidance relating to accounting for uncertainty in income taxes. These provisions provide consistent guidance for the accounting for uncertainty in income taxes recognized in an entity's financial statements and prescribe a threshold of "more likely than not" for recognition and derecognition of tax positions taken or expected to be taken in a tax return. The Organization performed an evaluation of uncertain tax positions for the year ended December 31, 2010, and determined that there were no matters that would require recognition in the financial statements or which may have any affect on its tax-exempt status. As of December 31, 2010, the statute of limitations for tax years 2007 through 2009 remains open with federal and DC authorities.
